# LACTUBE™

## NAIL SOLUTION

Humanity has succeeded in building entire civilizations with its hands. With our hands, we 'communicate,' 'create,' 'discover,' 'play,' and 'work.' The hand creates, shapes, paints, sculpts, mimics, writes, reveals, and twirls.

**Care. Protect. Love.**

We develop products and services for discerning professionals and consumers. Our goal is to provide the highest quality nail products, proudly made in Italy. This includes services, training, and support. We pursue this goal with unwavering commitment and take pride in our ability to innovate within the nail industry. Every one of our products is first conceived, then carefully designed and produced, undergoing meticulous testing before reaching the customer. We possess the scientific and technological know-how necessary to design products that meet the exact needs of both professionals and consumer.
